ENSE 477 ProjectCommercial
Team Name: **VSB_Plus**
Team Members: Xia Hua, Xinyu Liu, Jingkang Yang, Priscilla Chua
Due: **Apr 8, 2021**

Narrator: excited for the school year?
  but don't know where to start ...
  just go/login to our website [record: show the login_page(**login.php**)]

[record: on the **academicBuilder_Main.php**]
Narrator: it shows your academic status in the Home page [record: focus/zoom to student's information],
and the charts of your performance in school [record: focus to the diagrams]

[record: in the **academicBuilder_Default.php**]
Narrator: in our Default page, it displays the course schedule for you to take,
  so no worries!!

[record: to the **academicBuilder_Builder.php**]
Narrator: you can also plan out your own timetable on our Builder page,
  just drag and drop the course in one of the box to see more information and advice
  [record: drag and drop the course]

[record: with the **semesterBuilder.php**]
Narrator: knowing what courses you still need to take [record: zoom to the course recommended]
  register your course along with a calendar detail [record: go along from taking the course
  in recommended area to dropbox, course detail info, and calendar]

[record: at the **courseDB.php**]
Narrator: As well, you can search up for more detail of each course
  [record: recording from search up any class in search box, click select button, and to the
  course information area on the right]

Ending;

Narrator: with our website, plan your academic years wisely!!

[record: put a background picture ??
